

Information on pediatric cooperation medical institutions where people aged 12 to 18 can be vaccinated (as of March 11)

Request for reservation

• As a general rule, it is necessary to receive the same type of vaccine twice at regular intervals.

* In principle, Pfizer vaccines are available at pediatric cooperation medical institutions in the city.

• If you are 12 to 18 years old and want to receive vaccination at the medical institutions listed in this list, please make a reservation using the reservation method for each medical institution.

when. Please note that reservations cannot be made from the City Corona Vaccination Call Center or the City Vaccination Reservation Site.

• The day of the week, time zone, reservation method, and reservation reception time zone differ depending on the medical institution.

• If the number of inoculations is not the same, you may be asked to change the inoculation location to another medical institution or group inoculation venue.

• Please do not make duplicate reservations for multiple medical institutions or group vaccinations beyond the two doses you actually receive.

• If you cannot get the vaccination on the reserved date, please cancel it immediately.

For parents of children aged 12 to 15 years

• When inoculating, please sign the name of the guardian in the signature line of the pre-examination slip. If you do not wish to receive the vaccination, please do not enter anything in the self-signed column.

You will not be vaccinated without the signature of your guardian on the pre-examination slip.

• For vaccinations for children over junior high school students, if the vaccination medical institution (vaccination venue) approves (*), the guardian will read this manual and the guardian will be on the pre-examination slip.

By signing yourself, your child can be vaccinated without being accompanied by a guardian.

(*) Only if you are informed that you do not need to be accompanied by a guardian. Please see the information or confirm at the time of booking.

In addition, it is necessary to accompany a guardian at the group inoculation venue at public facilities in the city.

• When inoculating without a guardian, enter the emergency contact information (phone number that can be contacted by the guardian at the time of pre-examination and vaccination) in the "phone number" field of the pre-examination slip, please record it.

• If you have any questions, please see the information from the country or Chiba City in advance, or check with your doctor or Chiba City Corona Vaccination Call Center.

Please make a decision after convincing.
